**All stock guaranteed true to name and up to grade or money refunded.
However, we will not be responsible for more than purchase price.**

Terms: 2% Cash Discount. Net 60 Days

Legal interest rates charged on overdue accounts.

Location of Nursery

Our main nursery and packing house is located one mile east of the city center of Gresham on Powell Blvd., thirteen miles east of Portland, "The City of Roses."

Grading

We observe the American Association of Nurserymen rules in grading roses. A fine full crop of excellent stock is available to the trade. Our roses are the best for potting or packaging, having a fine fibrous root system.

Packing

We pack light, but right. Packing is done in pasteboard containers to save on transportation costs. Roots of plants are liberally packed in damp shingle tow to insure safe arrival at destination. We do not charge for packing.

About Ordering

All orders, including C.O.D.'s, must be accompanied by a one-fourth deposit unless credit has been established. Our digging time for roses generally begins the latter part of October. We will be glad to book orders ahead for fall or spring shipment; the fact is, we can hold roses dormant till the middle of May, if necessary. Order early to insure best selection of varieties. Give second choice where possible. You may mark your order on this list stating grade desired. A new one will be sent along with our prompt order acknowledgement.

Shipping

We will ship by best method for time of year and location of consignee. Please give date that shipment should arrive. Plants are insured against frost damage. Examine them on arrival.

Claims

Claims for damage, shortage, or variance in grade must be made within ten days after shipment has been received.

ROSES

Two-year, field grown, non-irrigated budded on hardy Multiflora. Well-rooted, dormant and properly defoliated. Following prices in lots of ten of a kind and grade. Where split lots are ordered please add 10c per plant.
